

# SKIN HUB

## FACIALS (ENZYME THERAPY)

**Hydration and Repair Facial- For dry, sensitive or compromised skin needing hydration and barrier repair.**

\*Includes a double cleanse, AHA/BHA Facial Scrub, Multi-Action Enzyme Treatment, Face Repair Cream Mask, Serums/ Moisturiser/ SPF.

**Clear Skin Facial- For acne-prone, congested or teenage skin.**

\*Includes a double cleanse, AHA/BHA Facial Scrub, Multi-Action Enzyme Treatment, Extractions, Blue Light LED, Serums/ Moisturiser/ SPF.

## TARGETED CHEMICAL PEELS

**Plump and Restore- For dehydrated, dull or sensitive skin**

\*A replenishing, antioxidant rich peel designed to significantly boost hydration, plump the skin and gently resurface for a refreshed glow.

**Deep and Meaningful- For sun damaged, pigmented skin**

\*This powerful resurfacing treatment brightens, evens skin tone, and stimulates collagen for firmer, more radiant skin.

**Complexion Perfection- For acne prone or sun-damaged skin**

\*A medium-depth resurfacing peel that targets acne, refines texture and promotes cell renewal

## ADVANCED MICRONEEDLING

**Collagen Induction Therapy (Microneedling)-** This clinical treatment stimulates your skins collagen and elastin production to improve skin health, reduce fine lines, reduce skin texture, reduce scarring, and allows products to penetrate deeper.

**Add on: NCTF-** Serum that infuses the skin with deep hydration and nutrients.

**Add on: Rejuran Booster-** Boosts repair and regeneration, speeds up healing times

**Add on: Platelet Rich Plasma (PRP)-** PRP therapy uses your body's own platelet-rich plasma to stimulate natural healing and collagen production in the skin. Used for facial rejuvenation, acne scars, and even hair restoration, offering natural and gradual improvements over time
